

Quality Assurance Tester

We're AccessPay, the fastest growing fintech company outside of London. Thinking outside the box is something we relish, there are no bad ideas. We've got a flat structure, with no silos or protracted bureaucratic decision making. Most importantly, no big egos. AccessPay people get stuff done. From a tiny office in Ardwick, to occupying an entire floor in Manchester City Centre. From 4 to 60 staff. From finance start-up, to launching new fintech brands. All in less than 5 years. 2017 saw us listed as a Deloitte Tech Fast 50 company and shortlisted for the coveted Manchester Evening News "Business of the Year". We're getting bigger and better every day. Help us write the next chapter in the AccessPay story.

Job Title: Quality Assurance Tester

Responsible to: CTO

Hours: 8:30am - 5:00pm Monday to Friday

We are looking for a conscientious Individual who has the ability to read and follow complex specifications with the view to creating test plans that can either be automated or performed manually depending on the needs of the project.

We'd like an Individual with finance experience Ideally, that can come on board and work with us on perfecting our testing process. Currently most tests are automated. This Includes: unit tests, Integrations tests and load tests. We'd like to maintain those tools as well as contributing to the further development of them.

Duties & Responsibilities:

- Experience as a QA Tester
- Experience writing Test Plans, Test Strategy and Test Scripts
- Experience with SCRUM or some other Agile methodology
- A familiarity with the Ideals around Continuous Delivery and Continuous Integration
- Experience using SQL Server or Postgres
- A level of professional experience with writing code In a scripting language
- Being able to work with the various departments to ensure that the correct thing has been delivered

Experience:

- Financial Business Domain
- SWIFT standards and processes
- Technical proficiency with C# and Python
- Azure/AWS
- Java

You'll be rewarded with a competitive salary, fantastic career progression, a great environment, and the opportunity to work for a fast-growing VC-backed FinTech company that is delivering innovative solutions that make a difference.
